Word of Prof. Dr.
Dean of Student Affairs

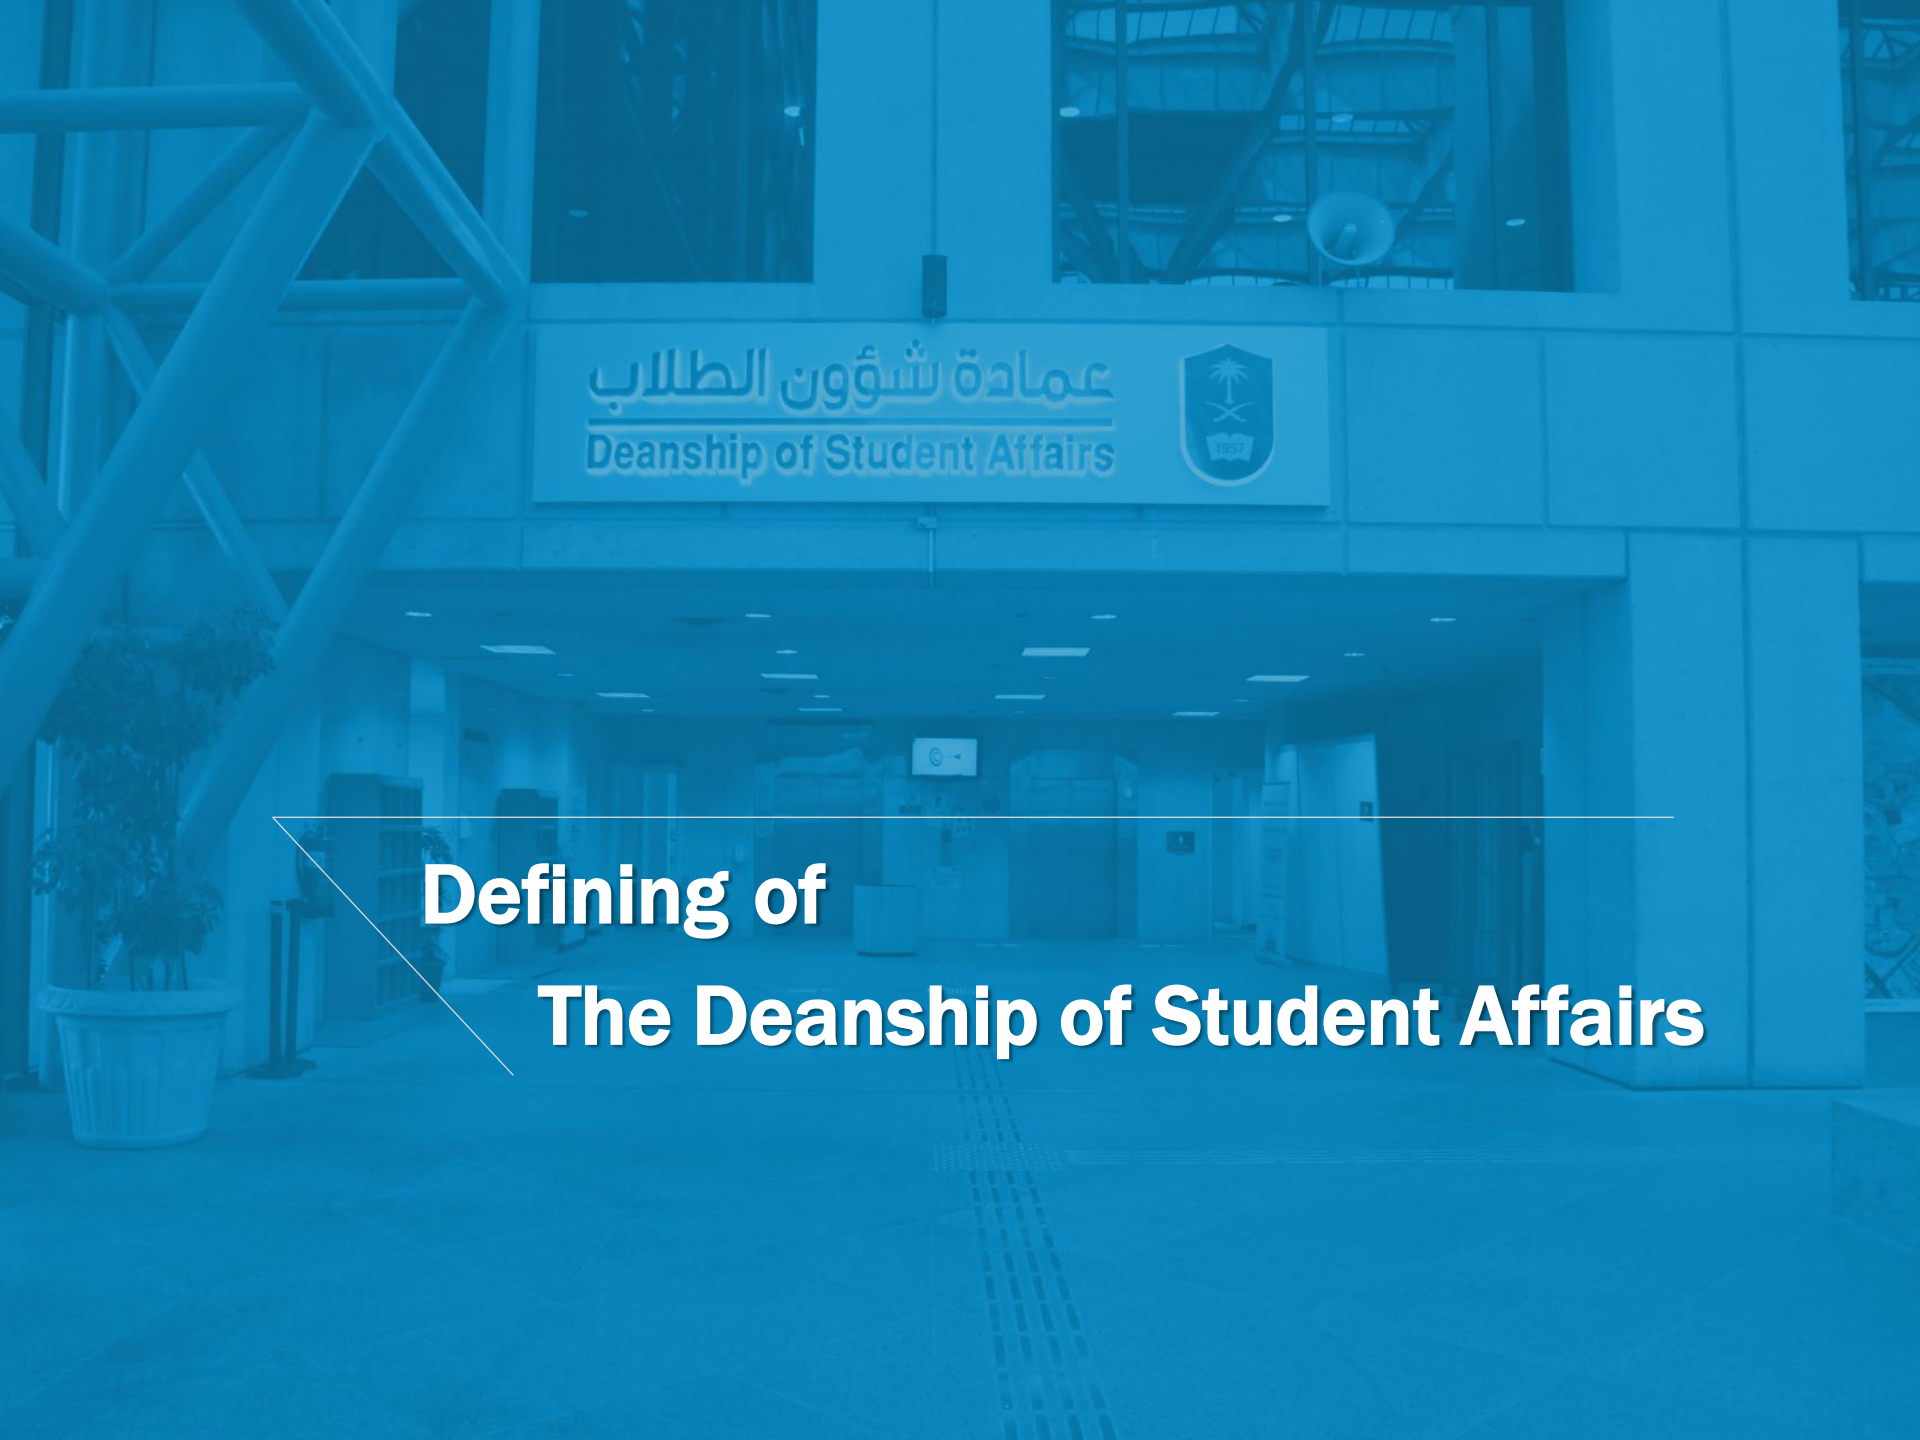

Prof.Dr

Ali AL-Dalbahi

The students of the university represent the main nucleus for preparing a promising generation of youth as one of the main important resources for achieving the Saudi Vision 2030. The university, represented in the DSA, is the main incubator for the care of the university students and preparing them for a bright future by developing their capabilities, developing their skills and refining their talents for the labor market.

To achieve this goal, the DSA provides supportive student care to the educational process and various creative activities that contribute to refining the students talents and showing their creations, while ensuring to create the appropriate educational environment for their scientific achievement. The deanship is also interested in developing their skills by providing various training programs in different fields.

In this report, we monitor the most prominent activities, events and achievements of the deanship during the academic year 1443 AH (2021-2022 AD) with the efforts of its human cadres and its various units that spared no effort to provide all support and full care for the students of the university. On this occasion, we extend our sincere thanks and gratitude to the university administration and its wise leaders for their continuous support to the activities and events of the deanship.

Defining of
The Deanship of Student Affairs

“

It is one of the supportive deanships at King Saud University (KSU), which oversees a wide range of programs and supportive services for the educational process at the university, which aims in its entirety to take care of students and create the appropriate environment for them for educational achievement and training them in additional fields to promote their skills, develop their mental and physical capabilities, and prepare them in an integrated and balanced manner to graduate from the university as good citizens who are able to compete in the academic, occupational and professional fields. The deanship is keen to take care of the students’ personality and provide services, support and care for them academically, socially, psychologically, economically and legally, as well as providing social, cultural, artistic, sports activities and programs and training to qualify them for post-university life.
